

Join the 2010 Hosford-Abernethy Neighborhood Tree Planting!

IN PARTNERSHIP WITH *FRIENDS OF TREES*

Street trees are a lasting legacy gift to yourself and to your neighbors

Why get a tree?

- *Trees contribute to neighborhood livability.*
- *Trees reduce city noise and glare, and also calm and slow traffic.*
- *Houses on tree-lined streets command prices that are up to 20% higher.*
- *Trees reduce the energy needed to heat and cool homes by 15-35%.*
TREES = SHADE. We demonstrated that under the shade of the canopy it was only 104 degrees while on the sunny pavement 144 degrees!!!
- *Trees remove the greenhouse gas carbon dioxide from the atmosphere.*

You will get a city-approved tree for your planting strip. The new trees will be between up to 2 inches in diameter (and 6 to 14 feet tall!).

Tree planting on **Saturday, December 4, 2010.**

All participants are asked to help plant trees on planting day, but can also volunteer in some other capacity. On planting day, trained volunteers will assist with hole digging and tree planting. Additionally, you will be supplied with stakes, ties, and labels, as well as follow-up monitoring of your tree.

Sign up at www.friendsoftrees.org!!

Last on line sign up is November 8, don't wait, sign up now.

As an alternative, fill out and mail this form by October 25.

Name _____ Email (needed for online ordering) _____

Address _____

City _____ Zip _____

Home Phone _____ Work Phone _____

____ I want trees for my **parking strip** that I will help maintain.

____ I want trees for my **yard** that I will help maintain.

____ I don't need trees, but I will donate money to assist the neighborhood tree planting.

____ I don't need trees, but I would like to find out about volunteer opportunities.

Please mail to: Trees C/O Jack, 2234 SE Grant Street, Portland, OR 97214

Online submissions at www.friendsoftrees.org are the preferred method.
