(Entry on SE 24th Ave)

Please join us any time between  
**6 p.m. and 8.30 p.m.** at one or  
all three open house events

## NE/SE Bikeway Project

A major addition to Portland's bicycle network is being planned now. The NE/SE 20s Bikeway will extend 9 miles from the north end of the city to the south, running along streets generally between 26th and 29th avenues, connecting numerous neighborhoods more safely to schools and other local destinations.

## Open house Events

Join in on the discussion with PBOT project staff and share your feedback at any of our three open houses on:

- route alignment options
- design options and issues, such as on-street parking
- crossing improvements at major streets
