

HOSFORD-ABERNETHY
NEIGHBORHOOD DISTRICT ASSOCIATION

Dear Councilor Koyama Lane

The Hosford Abernethy Neighborhood District (HAND) Board wishes to express our thanks for your support in fixing the Bob Stacey Elevator, and for contributing funds from your office to help make it happen. The crossing is a critical corridor for many residents when a freight train is blocking the crossings at 8th, 11th, and 12th, and the elevator has been broken for much of the time that the bridge has existed, which creates barriers to those who are unable to navigate the stairs.

We hope that replacing the glass in the elevator with a more durable material will help keep the elevators working and the crossing usable for everyone who travels through the area.

Thank you,

Andrew Wilker
Chair, HAND Board
